Corporate Information

“Non-banking financial company (NBFC) sector has vital role in the growth that India has experienced over the last couple of years. NBFCs have been instrumental in offering formal credit to the underserved retail and micro, small and medium enterprises (MSME) segment, thereby increasing the contribution of these segments to India’s overall GDP.

In the last couple of months, the sector has witnessed an acute liquidity situation which, to some extent, has been alleviated through measures taken by the RBI and the government to boost lending to NBFCs. While the larger NBFCs (AAA category) with strong parentage are in a better position to deal with the current problems, the smaller ones have been impacted the most in their ability to sustain their business because of the liquidity crunch. With the traditional sources of capital drying up, several NBFCs are raising capital through securitization of assets for lack of other quick and viable fund-raising options. NBFCs focused on infrastructure and real estate lending is experiencing stress in their loan books as evidenced by the growing level of non-performing assets (NPAs).

We strongly believe that a healthy NBFC sector is instrumental in maintaining India’s growth momentum and achieving the target of a USD 5 trillion Indian economy by 2024. NBFCs have shown resilience in the past in dealing with such downturns through business innovation. In light of new regulations, it would be interesting to see how the story unfolds for the NBFC sector in the next couple of months.

NOTICE OF 39TH ANNUAL GENERAL MEETING

Chairman's Speech:

I am pleased to share with you the agenda to the Annual General Meeting of Shareholders (AGM) of Banas Finance Limited scheduled for 29th September, 2022.

It is always a pleasure to connect with you all, and – although virtual – it is a privilege to host you again. I thank you for your continued trust, encouragement and unequivocal support to the Company and its Management

It is really appreciable that your Company is emerging stronger and healthier and is scaling new heights. I do have full faith in our team work and dedication. We are bouncing back to the old glorious days moving towards a bright and prosperous future.

I would like to take this opportunity to share some of the key developments in 2021-2022, and a note on our focus for 2022-2023 and beyond. As we look back on 2021, In the last 24 months we are confronted with an unparalleled pace of change. the cascading impact of COVID-19 and its ramification on people, society and economy has left us all vulnerable. I am proud of the determination of my colleagues, our partners and stakeholders to face the context and continue to be inspired to grow in spite of the odds.

Despite the challenges of the previous year, we are pleased to confirm a positive financial result. In 2021-2022, Banas reported consolidated total revenue of Rs. 10,094.86 Lakhs including other income (which includes Net Gain on fair value changes of Rs.8424.59Lakhs). During the year under review Company has generated consolidated Profit before Tax of Rs. 9163.97 lakhs(Includes Net Gain on fair value changes of Rs.8424.59Lakhs)as compared to Previous year.

At the Company level, we continued to focus on further cost reduction, optimum utilization of existing capacity and enhancing operational efficiency. The Board of Directors further confirmed to raise Funds by the issue of Right Shares to the Existing shareholders of the Company.

As I close, I would like to take this opportunity to thank you all for your continuous support and faith in the Company and its management. We shall continue to work towards taking the Company to greater heights and achieve many more milestones and business goals.

Thank you for your attention!

**Yours Sincerely,
Girraj Kishor Agrawal
Chairman**

Mrs Tanu Agrawal holds a Science Graduate, has done B.Sc. She is handling Business Activities of the group companies for last 21 years and also involve in routine operations of the Group Companies. She has good interpersonal and communication skills and ability required to lead as a Director.

Based on the recommendation of Nomination and Remuneration Committee and the Board, in their Meeting held on 28th May, 2022, approved the remuneration payable to Mrs. Tanu Girraj Agrawal as Executive Director of the Company effective from 29th September, 2022. Further, the members had authorised the Board to alter and vary the terms and conditions including remuneration and incremental thereof, from time to time for Mrs Agrawal, but such remuneration payable shall be within the limits specified in the Section 197, 198 and Schedule V and other applicable provisions of the Companies Act, 2013 ('the Act').

As per Section 197 and other applicable provisions of the act, the remuneration payable to any one managing director or whole-time director or manager shall not exceed 5% of the net profits of the Company and if there is more than one such director remuneration shall not exceed 10% of the net profits to all such directors and manager taken together or incase of inadequate profit during the tenure of Mrs Agrawal remuneration upto Rs. 84.00 lakhs per annum, whichever is more be payable as minimum remuneration.

The Board considers that her association would be of immense benefit to the Company and it is desirable to avail her services as Executive Director. Accordingly, in terms of the requirements of the provisions of Companies Act, 2013 approval of the members of the Company is required for regularization of Mrs Tanu Agrawal as Whole time Director of the Company for a period of 5 years effective from 29th September, 2022 to 28th September, 2027, on the terms and conditions of appointment and remuneration as approved by the Board of Directors and Shareholders through the said Resolution No. 5&6.

None of the Directors / Key Managerial Personnel of the Company other than Mr. Girraj Kishor Agrawal, and Mrs Tanu Girraj Agrawal are concerned or interested, financially or otherwise, in the resolution.

The Board recommends the Ordinary Resolution set out at Item no.5&6 of the Notice for approval by the members.

ITEM NO. 7 AUTHORISATION UNDER SECTION 186 OF THE COMPANIES ACT, 2013

In order to make optimum use of funds available with the Company and also to achieve long term strategic and business objectives, the Board of Directors of the Company proposes to make use of the same by making investment in other bodies corporate or granting loans, giving guarantee or providing security to other persons or other body corporate as and when required.

Members may note that pursuant to Section 186 of the Companies Act, 2013 ("Act"), the Company can give loan or give any guarantee or provide security in connection with a loan to any other body corporate or person and acquire securities of any other body corporate, in excess of 60% of its paid up share capital, free reserves and securities premium account or 100% of its free reserves and securities premium account, whichever is more, with approval of Members by special resolution passed at the general meeting. In view of the aforesaid, it is proposed to take approval under Section 186 of the Companies Act, 2013, by way of special resolution, up to a limit of Rs. 200 Crores, as proposed in the Notice.

The above proposal is in the interest of the Company and the Board recommends the Special Resolution as set out at Item No.7 for approval by the members of the Company.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned with or interested, financially or otherwise in the resolution at Item no. 7 of the accompanying notice.

ITEM NO. 8 AUTHORISATION UNDER SECTION 180(1) (c) OF THE COMPANIES ACT, 2013

In supersession to all the resolutions earlier, the Board of Directors in their Meeting held on 29th August, 2022 authorised to borrow monies (apart from temporary loans obtained or to be obtained from the Company's bankers in the ordinary course of business) from time to time on behalf of the Company amount in excess of aggregate of the Paid up Share Capital and free reserves but not exceeding Rs 200.00 crores (Rs. Two Hundred Crores Only). Section 180(1) (c) of the Companies Act, 2013, provides that the Board of Directors of a Company shall not borrow money in excess of the aggregate of Paid up Share Capital and free reserves without the consent of the Members of the Company is accorded by a Special Resolution.

The Board of Directors feels that it may be necessary for the Company to raise further monies from various sources which may exceed aggregate of Paid up Share Capital and free reserves. Accordingly the Special Resolution as set out in item No. 8 of the Notice is proposed for approval of Members.

None of the Directors, Key Managerial Personnel and their relative is concerned or interested in the resolution.

ITEM NO. 9 APPROVAL FOR RELATED PARTY TRANSACTIONS

Pursuant to the provisions of Section 188, if and to the extent applicable, and other applicable provisions of the Act, read with Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014 (including any statutory modification(s) or re-enactment thereof for the time being in force), all related party transactions beyond the thresholds mentioned in Rule 15(3) (a) require prior approval of the Members in general meeting.

Further, as per the provisions of Regulation 23(2) (4) of the SEBI (LODR), Regulation 2015, as amended from time to time, all related party transactions require prior approval of the Audit Committee and all material transactions with related parties require approval of the members of a public listed company through an Ordinary resolution and the related parties are required to abstain from voting on such resolution whether the entity is a related party to the particular transaction or not.

“Material Related Party Transaction” under Regulation 23(1) of listing Regulation means any transaction to be entered into individually or taken together with previous transactions during a financial year exceeding 10% of the annual consolidated turnover of a company as per its last audited financial statements.

Accordingly, any transaction(s) by the Company with a related party (except with its wholly owned subsidiaries) exceeding Rs. 100 Crores (10% of the Company’s annual consolidated turnover) shall be considered as material transaction and hence, the approval of the Members is required for the same.

The above proposal is in the interest of the Company and the Board recommends the Special Resolution as set out at Item No.9 for approval by the members of the Company.

None of the Directors or Key Managerial Personnel other than Mr. Girraj Kishor Agrawal and Mrs. Tanu Agrawal or their relatives are in any way concerned with or interested, financially or otherwise in the resolution at Item no. 9 of the accompanying notice.

NAVIGATING THROUGH COVID-19:

Your Company is continuously reviewing the evolving situation in the light of COVID-19 and playing a responsible role in minimizing the adverse impact of the pandemic on its businesses and the stakeholders' interests. Adapting to the 'new normal' of conducting business, your Company realigned the work priorities by placing highest importance on risk controls and collections.

MACROECONOMIC ENVIRONMENT:

Given the impact of the pandemic, FY2021 was expected to be an extremely demanding year. The consensus was that GDP growth in FY2021 would not only be negative but also would constitute the greatest fall in growth since 1979-80. After an estimated historic correction of (3.3%) in 2020, the International Monetary Fund (IMF) has projected the global economy to grow 6% in calendar year 2021 and 4.4% in 2022 on the back of the fiscal and monetary support provided by governments the world over coupled with widespread vaccination.

In fact, the DE growth in India's GDP was much larger than expected. For April-June 2020, real GDP contracted by a massive 24.4%. India had never recorded a quarter of negative growth since it began issuing such data publicly in 1996. No other large economy shrank so much during the pandemic. In the second quarter, July-September 2020, GDP again contracted by 7.3%. The consensus was that growth in the second half of the fiscal year would be far less than what was needed to erase the effect of the deep recession in the first half.

Thankfully, we began to witness early signs on resumption of economic activity in the second half of the year with several high frequency indicators suggesting that the economy was back on to positive growth. The third quarter (October-December 2020) recorded a GDP growth of 0.4%. And, as mentioned earlier, the second advance estimates of national income for FY2021 released by the CSO indicates a negative GDP growth of 8% for FY2021. Though this was bad enough, the contraction will be far less than earlier thought of – and we should see the fourth quarter (January-March 2021) showing relatively robust growth.

The most recent IMF forecast has also raised India's GDP growth estimate for FY2022 from 11.5% to 12.5%. If that were to occur, it will be the most significant growth turnaround among all the major nations of the world, including China.

In the past, India has seen a recession only thrice: in 1957-58, 1965-66 and 1979-80. The reason was the same each time – that of monsoon shocks affecting agriculture, which was then a sizeable part of the economy. The lockdown induced recession in FY2021 was different with agriculture being a bright spot, since agricultural activity was largely unhindered even during the lockdown phase. The manufacturing sector that initially suffered has since benefitted from the recovery aided by the pent-up demand and shifting consumer preferences. The services sector is showing a weaker recovery especially hotels, travel and entertainment industry.

The Government of India's relief measures comprising (i) direct fiscal spending and transfers to the poor; (ii) loan and guarantee schemes; and (iii) the RBI's liquidity measures aided growth in bank credit, enabled abundant liquidity in the financial sector – which was directed toward impacted segments like the industrial and services sector. While the RBI has maintained an accommodative stance so far, multiple factors like sticky inflation levels, elevated crude oil prices, and risks of US treasury yields will play a part in whether it can continue to maintain an ultra-accommodative stance; and that may have a consequential impact on interest rates in FY2022.

The government has taken on the onus of heavy lifting to revive the investment cycle. A growth-centric and expansionary Union Budget for 2021-22 puts out hope that it will set the tone for infrastructure growth over the next few years.

The fiscal deficit for 2021-22 is budgeted at 6.8% of India's GDP – though high but way below the revised estimate of 9.5% in 2020-21. Given the unprecedented economic havoc caused by the pandemic, such deficits are in line with actions taken globally. Indeed, most experts feel that FY2022 is a year when fiscal discipline will be kept in abeyance. Even so, implementation of the various budget measures is now all-crucial for the economic and fiscal health of the nation. We believe that the resilience shown by the Indian economy coupled with (i) a growth-centric Union Budget and (ii) the RBI maintaining an accommodative stance, will see the Indian economy grow at a faster clip than other economies. However, the only cause for concern is the resurgence of infections and partial lockdowns in some states.

INDUSTRY OVERVIEW:

NBFCs have become important constituents of the financial sector and have been recording higher credit growth than scheduled commercial banks (SCBs) over the past few years. NBFCs are leveraging their superior understanding of regional dynamics and customised products and services to expedite financial inclusion in India. Lower transaction costs, quick decision making, customer orientation and prompt service standards have typically differentiated NBFCs from banks. Considering the reach and expanse of NBFCs, they are well-suited to bridge the financing gap in a large country like India. Systemically Important NBFCs have demonstrated agility, innovation, and frugality to provide formal financial services to millions of Indians. The systemic importance of the NBFC sector can be gauged by the following facts:

- The NBFC sector (including HFCs) has assets worth more than Rs 54 lakh crore as of 31 March 2021, equivalent to about 25% of the balance sheet size of the banking sector – up from 12% of the balance sheet size of banks in 2010.
- Over the last five years, NBFC's assets have grown at cumulative average growth rate of 17.9%.
- NBFCs were the largest net borrowers of funds from the financial system, with gross payables of Rs. 12.06 lakh crore and gross receivables of Rs. 1.65 lakh crore as of 30 September 2021. HFCs were the second largest net borrowers of funds from the financial system, with gross payables of Rs. 7.38 lakh crore and gross receivables of Rs. 0.61 lakh crore as of 30 September 2021.
- Credit delivery growth of NBFCs in terms of the share of GDP has grown from 8.6% in FY2013 to 13.7% in FY2021.

The Company Banas Finance Limited appreciate yet another strong year of performance aided by a Merger/amalgamation of 3 Companies of same management and the Company has reduced the burden and extra cost of operations and compliance by merging other same management companies which for better operations/management and low cost of operation with greater working capital for the business., robust volume growth, efficient operating costs and effective risk management.

OUTLOOK FOR FY 2021-22:

As the pandemic has spread across the globe, the adverse impact of COVID-19 has overshadowed global macroeconomic outlook. Several multilateral agencies have projected recession for the global economy in the calendar year 2020 with the IMF (International Monetary Fund) warning of the worst global recession in almost a century.

The RBI estimates real GDP growth of India to remain in negative territory in FY22. Rating agencies and economic think-tanks have significantly reduced India's growth projections for FY21 to -2% to -5% on the back of extended lockdown, factory shutdowns, supply chain disruptions, travel restrictions, reduced discretionary spending and recessionary outlook for the global economy.

To avert steeper decline in economic growth, major countries have used a mix of monetary and fiscal tools to ensure liquidity and credit flow to their economies. In India, while the RBI has been doing the heavy lifting, various policy measures announced by the Government in its Economic Package are perceived to be more useful in the medium to long term.

The nature of lockdown observed in India is amongst the strictest in the world, considering the domestic policy space to control its negative impact is limited. The consequent steeper decline in economic activities could adversely affect credit intermediaries and financial markets. Moreover, the broad-based economic slowdown will put pressure on the asset quality of lenders.

The COVID-19 led disruptions have severely affected the fiscal arithmetic of both Union and State Governments. It is already reflected in the large additional borrowings envisaged by both Union and State Governments along with expenditure rationalization measures including reduction in capital expenditure. Such steep rise in government market borrowings will have hardening bias on yields and put pressure on the cost of borrowings of companies and NBFCs.

ECONOMIC OVERVIEW OF FINANCE INDUSTRY:

➤ **GLOBAL ECONOMY:**

World gross product fell by an estimated 4.3 percent in 2020, the sharpest contraction of global output since the Great Depression. The pandemic hit the developed economies the hardest, given the strict lockdown measures that many countries in Europe and several states of the United States of America imposed early on during the outbreak. The developing countries experienced a relatively less severe contraction, with output shrinking by 2.5 percent in 2020. Their economies are projected to grow by 5.7 percent in 2021.

The activity around the world is expected to strengthen in the second half of the current year due to improved COVID-19 management and the ongoing vaccination program, allowing for easing of pandemic control measures. Global economic output is expected to expand 4 percent in 2021 but still remain more than 5 percent below pre-pandemic projections. Global growth is projected to moderate to 3.8 percent in 2022, weighed down by the pandemic's lasting damage to potential growth.

The global economic recovery, which has been dampened in the near term by a resurgence of COVID-19 cases is expected to strengthen over the coming months as confidence, consumption, and trade gradually improves, supported by ongoing vaccination. Building economic, social and environmental resilience must guide the recovery from the crisis.

➤ **INDIAN ECONOMY:**

Financial Year 2020-21 started with a nation-wide lockdown in India. However, India emerged as the fastest-growing major economy in the world. It is expected to be one of the top three economic powers in the world over the next 10-15 years. It is backed by robust democracy and strong partnerships. The Economic Survey has projected that the economy will grow at 11 percent, up from an estimated historic decline of 7.7 percent in 2020-21, on account of the COVID-19 pandemic.

Also, the vaccination drive is expected to provide an impetus for the restoration of contact-intensive sectors and a leading edge to the Indian pharma industry in the global market. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. India's retail inflation, measured by the Consumer Price Index (CPI), rose to 5.52% in the month of March. Separately, the country's factory output, measured in terms of the Index of Industrial Production (IIP), witnessed a contraction of (-)3.6 per cent in February, as per Ministry of Statistics & Programme Implementation (MoSPI). The retail inflation during the month of February was at 5.03%. The rise in retail inflation in March can be attributed to the rise in food prices.

INDUSTRY STRUCTURE AND DEVELOPMENTS:

The NBFC sector saw a largely stable outlook for major NBFC's. From the perspective of larger financial systems, scheduled commercial banks continued to be a dominant players accounting for nearly 47% of the bilateral exposure followed by Asset Management Companies managing mutual funds, NBFC's, Insurance Companies, Housing Finance Companies and all India Financial Institutions.

For several years, NBFCs have rapidly emerged as an important segment of the Indian Financial System. The sector is now being recognized as complementary to the banking sector due to the implementation of innovative marketing strategies, introduction of tailor made products, customer oriented services, attractive rates of return on deposits and simplified procedures. NBFCs in India have recorded marked growth in recent years. After their existence, they are useful and successful for the evolution of a vibrant, competitive and dynamic financial system in Indian money market. The success factors of their business has been by making the most of their ability to contain risk, adapt to changes and tap demand in markets that are likely to be avoided by the bigger players. Thus the need for uniform practices and level playing field for NBFCs in India is indispensable.

NBFCs:

Over the past few years, NBFCs have undergone a significant transformation and today they form an important component of India's financial system. Playing a critical role in the development of infrastructure, transport and employment generation, NBFCs are changing the business loan landscape in the country. Most NBFCs, leverage alternative and tech-driven credit appraisal methodologies to assess the credit worthiness of prospective borrowers.

This difference in approach allows them to meet loan requirements of individuals and businesses left traditionally underserved by banks. With the introduction of e-KYC, making borrowing an instant and hassle-free experience, NBFCs are already offering the right financial products to consumers and small businesses in a customized manner. The use of technology to optimize business processes also keeps cost overheads to a minimum, enabling credit to be availed at highly competitive interest rates.

KEY OPPORTUNITIES:

- ♣ Increasing the penetration in the Micro, Small and Medium Enterprise (MSME) segment with new and dynamic operating models.

- ♣ Synergistic alliances with fintech companies to tap niche markets.
- ♣ Accessing new customers and cheaper funding sources by developing a viable co-lending business model.
- ♣ Tapping into the fast-growing e-commerce segment.
- ♣ Diversifying assets by targeting new profitable segments and developing the capabilities required to serve those segments.
- ♣ Developing digital capabilities to boost sales productivity.
- ♣ Increasing fee income through advisory services.
- ♣ Using digital competencies and tools to improve sales productivity – the use of advanced analytics and machine learning to build propensity models for lead generation, making real-time offers available to sales representatives by using customer data from multiple internal and external sources.

OPERATIONAL REVIEW:

Total Revenue/income from Operations is Rs. 10094.86 lakhs for the FY 2021-2022 comparison to FY 2020-2021 Rs. 1446.99 lakhs.

SUBSIDIARY COMPANY:

As there are no subsidiaries of the Company, Investment made in Subsidiaries is NIL.

SEGMENT-WISE PERFORMANCE:

The Company operates in single reported segment with main business of Finance and Share Trading activity.

OPPORTUNITIES AND THREATS:

Growth of the company's asset book, quality of assets and ability to raise funds depends significantly on economy. Unfavorable events in the Indian economy can affect consumer sentiments and in turn impact consumer decision to purchase financial products. Competition from a broad range of financial service providers, unstable political environment, changes over policies/regulatory framework could impact the company's operations.

There are several large and profitable opportunities for NBFCs and the sector plays an important role in the Indian financial system. The key is for the NBFC sector to grow in a prudential manner while focusing on financial innovation and in having in place, the adequate risk management systems and procedures before entering into risky areas. The regulator constantly endeavors to balance the multiple objectives of financial stability, consumer and depositor protection and regulatory arbitrage concerns.

RISKS AND CONCERNS:

NEW RISK MANAGEMENT FRAMEWORK

However, another green shoot that emerged from the regulatory intervention as the RBI introduced a new liquidity risk management framework to holistically counter future risks in the sector.

Under the new framework, non-deposit taking NBFCs with asset size of more than INR 10,000 crore and all deposit taking NBFCs will have to maintain a liquidity coverage ratio (LCR) requirement of 50 per cent by December 1, 2020, and progressively increase it to 100 per cent by December 2024. Similarly, non-deposit taking NBFCs with asset size between INR 5,000 crore and INR 10,000 crore would be required to have a minimum LCR of 30 per cent by December 1, 2020.

This might have produced short-term pain in the industry but it's an excellent long-term measure to protect the sector from externalities and improve the overall risk management frameworks across the industry. This will not only boost the confidence in the robustness of the sector, but it could also potentially lower the cost of funds for NBFCs as their risk perception goes down massively due to the new LCR reporting framework.

Moreover, the RBI's emphasis on its commitment to not let any NBFC fail came as a strong signal from the government that it firmly stands behind the sector. Due to the easier liquidity provisions, the flow of funds to NBFCs from banks improved by over 30 per cent in just a year.

As a result, the sector now stands on a firm footing with the right regulatory provisions in place along with liquidity windows which have allowed NBFCs to raise funds. Overall, the signs are encouraging as the asset quality for SME lending remains stable and lower than commercial lending non-performing asset rates in India.

According to CIBIL, SME 1 segment had just 9 per cent delinquencies compared to NPAs reaching up to 14 per cent in the larger ticket size segment. Meanwhile, NBFCs looked outwards for funds to keep the credit cycles running. Many players have raised funds outside the country and these offshore borrowings are expected to continue going into 2020, at least till the time credit flow in the Indian economy resumes.

The crucial bit to note here is that lending by NBFCs forms the backbone of India's economy, especially for the micro, small and medium enterprises sector.

As an NBFC, Banas is exposed to Credit, Liquidity and Interest Rate Risk. The Company takes risk management seriously and its procedures and policies in the area are well defined and considered appropriate for the assessment and management of individual risk categories. Sustained efforts to strengthen the Risk Framework have yielded consistently better outcomes for the company.

Company is well placed on the liquidity front and appropriate policies exist for underwriting credit risk. The Company endeavors to continuously learn and modifies its policies to manage the aforementioned risks.

The Audit Committee has been periodically reviewing the risk profile of the Company and evaluating the adherence by the branches / functions of the systems and processes in place for monitoring, evaluation, assessment and mitigation of risk through a systematic and effective audit programme. The observations of Audit Committee, if any, on the risk management are reported to the board.

The key risks are:

- i) Liquidity risk
- ii) Interest rate risk
- iii) Credit risk
- iv) Business risk
- v) Regulatory risk
- vi) Pandemic risk.

INTERNAL CONTROL SYSTEM & ADEQUACY:

The company has adequate internal control system commensurate with its size and business. The company Com- plied with all applicable statutes, policies, procedures, listing requirements and management guidelines. It Adheres to applicable accounting standards and polices.

Banas has robust internal audit programme, where the internal auditors, an independent firm of chartered accountants, conduct a risk-based audit with a view to not only test adherence to laid down policies and procedures but also to suggest improvements in processes and systems. Their audit program is agreed upon by the Audit Commit- tee. Internal audit observations and recommendations are reported to the Audit Committee, which monitors the implementation of such recommendations.

HUMAN RESOURCE:

The Company has excellent combination of experienced and talented employees. The Company also undertakes on regular basis various training programmes to keep its employees updated on new technical developments and information which directly results in optimum capacity utilization and cost effectiveness. The Company's relation with its employees continues to be cordial. The Company always reciprocates commitment to its employees in order to motivate them to perform the best.

"IN ORDER TO MINIMISE THE DISRUPTION IN OUR OPERATIONS AND PROTECT THE HEALTH AND SAFETY OF OUR EMPLOYEES, WE HAVE LEVERAGED OUR TECHNOLOGY SYSTEMS AND UNDER TAKEN NUMBER OF MEASURES TO SUPPORT OUR EMPLOYEES WORKING FROM HOME BY PROVIDING THEM WITH LAPTOPS AND TABLETS AND CONDUCTING ONLINE TRAINING SESSIONS."

FULFILLMENT OF RBI NORMS AND STANDARDS:

The Company continues to fulfill all applicable norms and standards laid down by the Reserve Bank of India pertaining to prudential norms, income recognition, accounting standards, asset classification as applicable to NBFC's (ND) except few, explanation pertaining to which has been provided in Boards' report.

OUTLOOK:

The company is cautiously optimistic in its outlook for the year 2022-23. The outlook of the company for the year ahead is to diversify risk and stabilize its asset quality. The Corporate Finance Division will adopt a cautious approach and focus on customer relationships. This division will look to grow its supply chain, structured finance and leasing business.

INDEPENDENT AUDITORS REPORT

Independent Auditor's Report

To
The Members of
Banas Finance Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the Ind AS financial statements of Banas Finance Limited ('the Company'), which comprise the balance sheet as at 31 March 2022, the statement of profit and loss, statement of changes in equity and the cash flow statement for the year then ended and notes to financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and profit/loss, its cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Emphasis of Matter

We further draw an attention to the uncertainties and the management's assessment of the financial impact due to the lockdowns and other restrictions and conditions related to the Covid-19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements for the financial year ended 31st March 2022. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
(A) Impairment of financial assets (expected credit losses)	
Ind AS 109 requires the Company to recognize impairment loss allowance towards its financial assets (designated at amortized cost and fair value through other comprehensive income) using the expected credit loss (ECL) approach. Such ECL allowance is required to be measured considering the guiding principles of Ind AS 109 including: unbiased, probability weighted outcome under various scenarios;	We read and assessed the Company's Accounting policies for impairment of financial assets and their compliance with Ind AS 109. We evaluated the reasonableness of the Management estimates by understanding the process of ECL estimation. Tested the ECL model, including assumptions and underlying computation.

<p>time value of money; impact arising from forward looking macro-economic factors and; availability of reasonable and supportable information without undue costs. Applying these principles involves significant estimation in various aspects, such as: grouping of borrowers based on homogeneity by using appropriate statistical techniques; staging of loans and estimation of behavioral life; determining macro-economic factors impacting credit quality of receivables; estimation of losses for loan products with no/minimal historical defaults. Considering the significance of such allowance to the overall financial statements and the degree of estimation involved in computation of expected credit losses, this area is considered as a key audit matter.</p>	<p>Assessed the floor/minimum rates of provisioning applied by the Company for loan products with inadequate historical defaults. Information Other than the Financial Statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Ind AS financial statements and our auditors' report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is

higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act 2013, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(a) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(b) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

(c) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

(d) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.

(e) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company did not have any pending litigations on its financial position in its financial statements.
- ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund of the Company.

- iv. (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (ii) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (iii) Based on audit procedures which we considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- v. The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.

ANNEXURE- B TO THE INDEPENDENT AUDITORS

be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2022.

- a) The Company did not have an appropriate internal control system for granting Loans. Demand and other loans given are governed by the Board policies. Considering the close monitoring of Board no appraisal, renewal, Policies, Procedure, Committee or documents have been prescribed and executed.
- b) The Company's internal control system is not commensurate to the size and scale of operation over purchase and sale of shares and inventory and for expenses incurred.

A 'material weaknesses' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects / possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2022, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2022 financial statements of the Company, and the material weaknesses does not affect our opinion on the financial statements of the Company.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR YEAR PERIOD 31.03.2022

Note:- 1

A) Basis of preparation of Financial Statements

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company is required to prepare its Financial Statements as per the Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Accounting Standards) Amendment Rules, 2016 with effect from 1st April, 2016. Accordingly, the Company has prepared these Financial Statements which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of Changes in Equity for the year ended 31st March, 2022, and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as "Financial Statements").

B) Basis of measurement

The Ind AS Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities, which are measured at fair value.

C) Going Concern Assumption:-

The Financial Statements have been prepared assuming entity will be able to continue its operation in near foreseeable future and there is no material circumstances casting doubt over going concern ability of company and neither management intends to liquidate its operation. Though company has accumulated loss, management has made sufficient viable plan to overcome such situation in future and the plan appears to be promising to validate the going concern assumption.

D) Inventory valuation

Cost of inventories includes cost of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price for inventories in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale.

E) Use of Estimates

The preparation of the Financial Statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the Financial Statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the Financial Statements is made relying on these estimates. ii) The estimates and judgements used in the preparation of the Financial Statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

Actual results may differ from these estimates under different assumptions and conditions. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Financial Statements.

F) Cash Flow Statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

G) Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit and loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit and loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

H) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Possible future obligations or present obligations that may but will probably not require outflow of resources or where the same cannot be reliably estimated, is disclosed as contingent liabilities in the notes to accounts of Financial Statements.

I) **Property, plant and equipment (PPE) and Intangible assets**

Tangible Assets

Fixed assets are stated at cost, less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes, substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Capital work in progress includes expenditure incurred till the assets are put into intended use.

Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation / depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

a) **Depreciation**

Depreciation on tangible assets is provided using the Straight Line Method over the useful lives of the assets estimated by the Management. Depreciation for the assets purchased / sold during the year is proportionately charged as prescribed in Schedule II to the Companies Act, 2013. Intangible assets are amortised over their respective individual estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its use.

b) **Impairment of assets**

The carrying amounts of assets are reviewed at each balance sheet dates and if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, then such loss is reversed and the asset is restated to extent of the carrying value of the asset that would have been determined (net of amortization / depreciation), had no impairment loss been recognized. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

J) **Investments**

Investments that are readily realizable and intended to be held for not more than one year are classified as current investments. All other investments are classified as long-term investments. The investments have been valued at fair value in compliance with the Indian Accounting Standards.

K) **Taxation**

Tax expense comprises of current income tax and deferred income tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits. At each balance sheet date, the Company re-assesses unrecognised deferred tax assets. It recognizes unrecognised deferred tax assets to the extent that it has become reasonably certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. Minimum Alternative Tax (MAT) credit is recognised as an asset and carried forward only if there is a reasonable certainty of it being set off against regular tax payable within the stipulated statutory period.

L) **Financial instruments**

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables and payables, loan receivables, investments in securities and subsidiaries, debt securities and other borrowings, preferential and equity capital etc. are some examples of financial instruments. All the financial instruments are recognised on the date when the company becomes party to the contractual provisions of the financial instruments. For tradable securities, the Group recognises the financial instruments on settlement date.

(i) **Financial assets**

Financial assets include cash, or an equity instrument of another entity, or a contractual right to receive cash or another financial asset from another entity. Few examples of financial assets are loan receivables, investment in equity and debt instruments, trade receivables and cash and cash equivalents.

Initial measurement

All financial assets are recognised initially at fair value including transaction costs that are attributable to the acquisition of financial assets except in the case of financial assets recorded at FVTPL where the transaction costs are charged to profit or loss.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified as Equity instruments designated at FVOCI

All equity investments in scope of Ind AS 109 'Financial instruments' are measured at fair value. The company has strategic investments in equity for which it has elected to present subsequent changes in the fair value in OCI. The classification is made on initial recognition and is irrevocable.

All fair value changes of the equity instruments, excluding dividends, are recognised in OCI and not available for reclassification to profit or loss, even on sale of investments. Equity instruments at FVOCI are not subject to an impairment assessment.

Impairment of financial assets

Expected credit loss (ECL) are recognised for financial assets held under amortised cost, and certain loan commitments.

Financial assets where no significant increase in credit risk has been observed are considered to be in 'stage 1' Financial assets that are considered to have significant increase in credit risk are considered to be in 'stage 2' and those which are in default or for which there is an objective evidence of impairment are considered to be in 'stage 3'. ECL is recognised for stage 2 and stage 3 financial assets.

In the event of a significant increase in credit risk, allowance (or provision) is required for ECL towards all possible default events over the expected life of the financial instrument ('lifetime ECL').

Financial assets (and the related impairment loss allowances) are written off in full, when there is no realistic prospect of recovery.

Treatment of the different stages of financial assets and the methodology of determination of ECL

(a) Credit impaired (stage 3)

The Company recognises a financial asset to be credit impaired and in stage 3 by considering relevant objective evidence, primarily whether the loan is otherwise considered to be in default.

(b) Significant increase in credit risk (stage 2)

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting period by considering the change in the risk of default of the loan exposure.

(c) Without significant increase in credit risk since initial recognition (stage 1)

ECL resulting from default events that are possible in the next 12 months are recognised for financial instruments in stage 1. The Company has ascertained default possibilities on past behavioural trends witnessed for each homogenous portfolio using application/behavioural score cards and other performance indicators, determined statistically.

(d) Measurement of ECL

The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors. The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD). ECL is calculated by multiplying the PD, LGD and EAD and adjusted for time value of money using a rate which is a reasonable approximation of EIR. | Determination of PD is covered above for each stages of ECL. | EAD represents the expected balance at default, taking into account the repayment of principal and interest from the Balance Sheet date to the date of default together with any expected drawdowns of committed facilities. | LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money.

M) Revenue recognition

Interest and related income

Interest and related income Interest income, for all financial instruments measured either at amortised cost or at fair value through other comprehensive income, is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when shareholders approve the dividend.

Sale of Securities held for trading

Company recognizes revenue to depict the transfer of promised goods to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. The Company recognizes revenue from the sale of goods measured at the fair value of the consideration received or receivable.

Note: 24 Financial Risk management
(a) Risk Management Framework

In the ordinary course of business, the Company is exposed to a different extent to a variety of financial risks: foreign currency risk, interest rate risk, liquidity risk, price risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

(b) Credit Risk

Credit risk is the risk of financial loss arising out of a customer or counterparty failing to meet their repayment obligations to the Company. The Company assesses the credit quality of all financial instruments that are subject to credit risk.

Classification of financial assets under various stages

The Company classifies its financial assets in three stages having the following characteristics:

Stage 1: unimpaired and without significant increase in credit risk since initial recognition;

Stage 2: a significant increase in credit risk since initial recognition on which a lifetime ECL is recognised;

Stage 3: objective evidence of impairment, and are therefore considered to be in default or otherwise credit impaired on which a lifetime ECL is recognised.

Unless identified at an earlier stage, all financial assets are deemed to have suffered a significant increase in credit risk.

The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD) along with an adjustment considering forward macro economic conditions [for a detailed note for methodology of computation of ECL please refer to significant accounting policies note no 1(L) to the financial statements.

The table below summarises the gross carrying values and the associated allowances for expected credit loss (ECL) stage wise for loan portfolio :

Particulars	As at 31 March 2022			As at 31 March 2021		
	Unsecured			Unsecured		
	Stage 1	Stage 2	Stage 3	Stage 1	Stage 2	Stage 3
Gross Carrying Value	2762.32	57.92	209.01	4781.02	247.79	344.04
Allowance for Expected credit loss		13.73	209.01	-	54.88	344.04
Expected credit loss Coverage ratio	0.00%	23.71%	100.00%	0.00%	22.15%	100.00%

Investments are reviewed for any fair valuation loss on periodically basis and necessary provision/fair valuation adjustments has been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.

Trade Receivable, Trade Payable, Short Term Borrowings and Short Term Loans and Advances balances are subject to confirmation and reconciliation.

(c) Liquidity Risk management

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding to meet obligations when due. Due to the dynamic nature of the underlying businesses, Company's treasury maintains flexibility in funding by maintaining sufficient cash and bank balances available to meet the working capital requirements. Management monitors rolling forecasts of the Company's liquidity position (comprising the unused cash and bank balances along with liquid investments) on the basis of expected cash flows. This is generally carried out at Company level in accordance with practice and limits set by the Company. These limits vary to take into account the liquidity of the market in which the Company operates.

Ultimate responsibility for liquidity risk management rests with the board of directors. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(c) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments includes:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rate at the balance sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All the resulting fair value estimates are included in level 2 or level 3, where the fair value have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(d) Fair value Estimations

Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments: Disclosure". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in a arm's length transaction other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's Financial instruments, judgement is necessary in arriving at fair value, based on current economic conditions and specific risk attributable to the instrument. The estimates presented herein are not necessarily indicative of the amount the Company could realise in a market exchange from the sale of its full holding or a particular instrument.

Dividend/Interest-bearing investments

Fair value is calculate based on discounted expected future principles and interest cash flows. The carrying amount on the Company's investment are valued at fair value on the basis of fair market rate with reference to the investment with similar credit risk level and maturity period at the reporting date.

Trade & other receivable / Payables

The management assessed that Trade Receivables, Cash and Cash equivalents, Bank Balances, Deposits, other non derivative current financial, assets, Short term borrowings, Trade payables, Non derivative Current Financial Liabilities approximate their carrying amount largely due to the short-term maturities of these instruments.

There are no transfers between level 1 and level 2 during the year.

Independent Auditor’s Report

**To the Members of
Banas Finance Limited
Report on the Consolidated Financial Statements**

We have audited the accompanying Consolidated financial statements of **Banas Finance Limited** (“the Company”) and its associate company, which comprise the balance sheet as at 31st March 2022, the statement of profit and loss, statement of changes in equity and the cash flow statement for the year then ended, including a summary of significant accounting policies and other explanatory information (hereinafter referred as “Consolidated Ind AS financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, and profit/loss, its cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statement.

Emphasis of Matter

We further draw an attention to the uncertainties and the management’s assessment of the financial impact due to the lock-downs and other restrictions and conditions related to the Covid-19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS financial statements for the financial year ended 31st March 2022. These matters were addressed in the context of our audit of the Consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the Consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
(A) Impairment of financial assets (expected credit losses)	
<p>Ind AS 109 requires the Company to recognize impairment loss allowance towards its financial assets (designated at amortized cost and fair value through other comprehensive income) using the expected credit loss (ECL) approach. Such ECL allowance is required to be measured considering the guiding principles of Ind AS 109 including:</p> <ul style="list-style-type: none"> • unbiased, probability weighted outcome under various scenarios; 	<ul style="list-style-type: none"> • We read and assessed the Company’s Accounting policies for impairment of financial assets and their compliance with Ind AS 109. • We evaluated the reasonableness of the Management estimates by understanding the process of ECL estimation. • Tested the ECL model, including assumptions and underlying computation.

<ul style="list-style-type: none"> • time value of money; • impact arising from forward looking macro-economic factors and; • Availability of reasonable and supportable information without undue costs. <p>Applying these principles involves significant estimation in various aspects, such as:</p> <ul style="list-style-type: none"> • grouping of borrowers based on homogeneity by using appropriate statistical techniques; • staging of loans and estimation of behavioral life; • determining macro-economic factors impacting credit quality of receivables; • Estimation of losses for loan products with no/minimal historical defaults. <p>Considering the significance of such allowance to the overall financial statements and the degree of estimation involved in computation of expected credit losses, this area is considered as a key audit matter.</p>	<ul style="list-style-type: none"> • Assessed the floor/minimum rates of provisioning applied by the Company for loan products with inadequate historical defaults. • Audited disclosures included in the Consolidated Ind AS financial statements in respect of expected credit losses.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Consolidated Ind AS financial statements and our auditors' report thereon.

Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of the Consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the Consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities For The Audit Of The Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Consolidated Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS Financial Statements, including the disclosures, and whether the Consolidated Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we are required to determine those matters that were of most significance in the audit of the Consolidated Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The Company is engaged in the business of financial services i.e. lending and trading in securities. Inventories disclosed under the head "Other Financial Assets" and its related details are as follows:

Securities held for trading of Rs.8,67,56,689/- (Previous Year Rs.3,77,80,950/-) is disclosed as other financial assets.  - (e) With respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position in the aforesaid Consolidated financial statements.
 - ii. the Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. The company is not liable to transfer any amounts to the Investor Education and Protection Fund. Therefore, there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (ii) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(iii) Based on audit procedures which we considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

- v. The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.

Annexure A to the Auditor's Report-31st March, 2022

Report on the Internal Financial Controls under Clause (i) of sub- section 3 of the Section 143 of the Companies Act, 2013 ('the Act)

We have audited the internal financial controls over financial reporting of **M/s Banas Finance Limited** (the company) as of 31st March, 2022 in conjunction with our audit of the financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountant of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control-based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorization of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2022.

- a) The Company did not have an appropriate internal control system for granting Loans. Demand and other loans given are governed by the Board policies. Considering the close monitoring of Board no appraisal, renewal, Policies, Procedure, Committee or documents have been prescribed and executed.
- b) The Company's internal control system is not commensurate to the size and scale of operation over purchase and sale of shares and inventory and for expenses incurred.

A 'material weaknesses' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects / possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2022, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2022 financial statements of the Company, and the material weaknesses does not affect our opinion on the financial statements of the Company.

Note:- 1**A) Basis of preparation of Financial Statements**

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company is required to prepare its Consolidated Financial Statements as per the Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Accounting Standards) Amendment Rules, 2016 with effect from 1st April, 2016. Accordingly, the Company has prepared these Consolidated Financial Statements which comprise the Consolidated Balance Sheet as at 31st March, 2022, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended 31st March, 2022, and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as "Consolidated Financial Statements").

B) Basis of measurement

The Ind AS Consolidated Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities, which are measured at fair value.

C) Going Concern Assumption:-

The Consolidated Financial Statements have been prepared assuming entity will be able to continue its operation in near foreseeable future and there is no material circumstances casting doubt over going concern ability of company and neither management intends to liquidate its operation. Though company has accumulated loss, management has made sufficient viable plan to overcome such situation in future and the plan appears to be promising to validate the going concern assumption.

D) Inventory valuation

Cost of inventories includes cost of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price for inventories in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale.

E) Use of Estimates

The preparation of the Consolidated Financial Statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the Consolidated Financial Statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the Consolidated Financial Statements is made relying on these estimates. ii) The estimates and judgements used in the preparation of the Consolidated Financial Statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

Actual results may differ from these estimates under different assumptions and conditions. Estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Consolidated Financial Statements.

F) Cash Flow Statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

G) Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit and loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit and loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

H) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Possible future obligations or present obligations that may but will probably not require outflow of resources or where the same cannot be reliably estimated, is disclosed as contingent liabilities in the notes to accounts of Consolidated Financial Statements.

**I) Property, plant and equipment (PPE) and Intangible assets
Tangible Assets**

Fixed assets are stated at cost, less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes, substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Capital work in progress includes expenditure incurred till the assets are put into intended use.

Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation / depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

a) Depreciation

Depreciation on tangible assets is provided using the Straight Line Method over the useful lives of the assets estimated by the Management. Depreciation for the assets purchased / sold during the year is proportionately charged as prescribed in Schedule II to the Companies Act, 2013. Intangible assets are amortised over their respective individual estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its use.

b) Impairment of assets

The carrying amounts of assets are reviewed at each balance sheet dates and if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, then such loss is reversed and the asset is restated to extent of the carrying value of the asset that would have been determined (net of amortization / depreciation), had no impairment loss been recognized. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

J) Investments

Investments that are readily realizable and intended to be held for not more than one year are classified as current investments. All other investments are classified as long-term investments. The investments have been valued at fair value in compliance with the Indian Accounting Standards.

K) Taxation

Tax expense comprises of current income tax and deferred income tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits. At each balance sheet date, the Company re-assesses unrecognised deferred tax assets. It recognizes unrecognised deferred tax assets to the extent that it has become reasonably certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. Minimum Alternative Tax (MAT) credit is recognised as an asset and carried forward only if there is a reasonable certainty of it being set off against regular tax payable within the stipulated statutory period.

L) Financial instruments

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables and payables, loan receivables, investments in securities and subsidiaries, debt securities and other borrowings, preferential and equity capital etc. are some examples of financial instruments. All the financial instruments are recognised on the date when the company becomes party to the contractual provisions of the financial instruments. For tradable securities, the Group recognises the financial instruments on settlement date.

(i) Financial assets

Financial assets include cash, or an equity instrument of another entity, or a contractual right to receive cash or another financial asset from another entity. Few examples of financial assets are loan receivables, investment in equity and debt instruments, trade receivables and cash and cash equivalents.

Initial measurement

All financial assets are recognised initially at fair value including transaction costs that are attributable to the acquisition of financial assets except in the case of financial assets recorded at FVTPL where the transaction costs are charged to profit or loss.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified as Equity instruments designated at FVOCI

All equity investments in scope of Ind AS 109 'Financial instruments' are measured at fair value. The company has strategic investments in equity for which it has elected to present subsequent changes in the fair value in OCI. The classification is made on initial recognition and is irrevocable.

All fair value changes of the equity instruments, excluding dividends, are recognised in OCI and not available for reclassification to profit or loss, even on sale of investments. Equity instruments at FVOCI are not subject to an impairment assessment.

Impairment of financial assets

Expected credit loss (ECL) are recognised for financial assets held under amortised cost, and certain loan commitments.

Financial assets where no significant increase in credit risk has been observed are considered to be in 'stage 1'. Financial assets that are considered to have significant increase in credit risk are considered to be in 'stage 2' and those which are in default or for which there is an objective evidence of impairment are considered to be in 'stage 3'. ECL is recognised for stage 2 and stage 3 financial assets.

In the event of a significant increase in credit risk, allowance (or provision) is required for ECL towards all possible default events over the expected life of the financial instrument ('lifetime ECL').

Financial assets (and the related impairment loss allowances) are written off in full, when there is no realistic prospect of recovery.

Treatment of the different stages of financial assets and the methodology of determination of ECL

(a) Credit impaired (stage 3)

The Company recognises a financial asset to be credit impaired and in stage 3 by considering relevant objective evidence, primarily whether the loan is otherwise considered to be in default.

(b) Significant increase in credit risk (stage 2)

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting period by considering the change in the risk of default of the loan exposure.

(c) Without significant increase in credit risk since initial recognition (stage 1)

ECL resulting from default events that are possible in the next 12 months are recognised for financial instruments in stage 1. The Company has ascertained default possibilities on past behavioural trends witnessed for each homogenous portfolio using application/behavioural score cards and other performance indicators, determined statistically.

(d) Measurement of ECL

The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors. The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD). ECL is calculated by multiplying the PD, LGD and EAD and adjusted for time value of money using a rate which is a reasonable approximation of EIR. 1 Determination of PD is covered above for each stages of ECL. 1 EAD represents the expected balance at default, taking into account the repayment of principal and interest from the Balance Sheet date to the date of default together with any expected drawdowns of committed facilities. 1 LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money.

M) Revenue recognition

Interest and related income

Interest and related income Interest income, for all financial instruments measured either at amortised cost or at fair value through other comprehensive income, is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when shareholders approve the dividend.

Sale of Securities held for trading

Company recognizes revenue to depict the transfer of promised goods to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. The Company recognizes revenue from the sale of goods measured at the fair value of the consideration received or receivable.

NOTE 24:-FINANCIAL RISK MANAGEMENT
(a) Risk Management Framework

In the ordinary course of business, the Company is exposed to a different extent to a variety of financial risks: foreign currency risk, interest rate risk, liquidity risk, price risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

(b) Credit Risk

Credit risk is the risk of financial loss arising out of a customer or counterparty failing to meet their repayment obligations to the Company. The Company assesses the credit quality of all financial instruments that are subject to credit risk.

Classification of financial assets under various stages

The Company classifies its financial assets in three stages having the following characteristics:

Stage 1: unimpaired and without significant increase in credit risk since initial recognition;

Stage 2: a significant increase in credit risk since initial recognition on which a lifetime ECL is recognised;

Stage 3: objective evidence of impairment, and are therefore considered to be in default or otherwise credit impaired on which a lifetime ECL is recognised.

Unless identified at an earlier stage, all financial assets are deemed to have suffered a significant increase in credit risk.

The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD) along with an adjustment considering forward macro economic conditions [for a detailed note for methodology of computation of ECL please refer to significant accounting policies note no 1(L) to the financial statements.

The table below summarises the gross carrying values and the associated allowances for expected credit loss (ECL) stage wise for loan portfolio :

Amount in Lakhs

Particulars	As at 31 March 2022			As at 31 March 2021		
	Unsecured			Unsecured		
	Stage 1	Stage 2	Stage 3	Stage 1	Stage 2	Stage 3
Gross Carrying Value	2762.32	57.92	209.01	4781.02	247.79	344.04
Allowance for Expected credit loss	0.00	13.73	209.01	0.00	54.88	344.04
Expected credit loss Coverage ratio	0.00%	23.71%	100.00%	0.00%	22.15%	100.00%

Investments are reviewed for any fair valuation loss on periodically basis and necessary provision/fair valuation adjustments has been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.

Trade Receivable, Trade Payable, Short Term Borrowings and Short Term Loans and Advances balances are subject to confirmation and reconciliation

(c) Liquidity Risk management

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding to meet obligations when due. Due to the dynamic nature of the underlying businesses, Company's treasury maintains flexibility in funding by maintaining sufficient cash and bank balances available to meet the working capital requirements. Management monitors rolling forecasts of the Company's liquidity position (comprising the unused cash and bank balances along with liquid investments) on the basis of expected cash flows. This is generally carried out at Company level in accordance with practice and limits set by the Company. These limits vary to take into account the liquidity of the market in which the Company operates.

Ultimate responsibility for liquidity risk management rests with the board of directors. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

NOTE 26:- FAIR VALUE HIERARCHY

(a) This section explain the judgments and estimates made in deterring the fair values of the financial instruments. To provide an indication about the reliability of the inputs used in determining fair value. The Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Financial assets and liabilities measured at fair value

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(c) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments includes:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rate at the balance sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All the resulting fair value estimates are included in level 2 or level 3, where the fair value have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(d) Fair value Estimations

Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments: Disclosure". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in a arm's length transaction other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's Financial instruments, judgement is necessary in arriving at fair value, based on current economic conditions and specific risk attributable to the instrument. The estimates presented herein are not necessarily indicative of the amount the Company could realise in a market exchange from the sale of its full holding or a particular instrument.

Dividend/Interest-bearing investments

Fair value is calculate based on discounted expected future principles and interest cash flows. The carrying amount on the Company's investment are valued at fair value on the basis of fair market rate with reference to the investment with similar credit risk level and maturity period at the reporting date.

Trade & other receivable / Payables

The management assessed that Trade Receivables, Cash and Cash equivalents, Bank Balances, Deposits, other non derivative current financial, assets, Short term borrowings, Trade payables, Non derivative Current Financial Liabilities approximate their carrying amount largely due to the short-term maturities of these instruments.

There are no transfers between level 1 and level 2 during the year.

NOTE 31:-SEGMENT REPORTING

The Company's Managing director (MD) is identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, Operating Segments. The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators, however the Company is primarily engaged in only one segment viz., 'Lending and Securities Trading' and that most of the operations are in India. Hence the Company does not have any reportable Segments as per Indian Accounting Standard 108 "Operating Segments".

NOTE 32:-MICRO, SMALL AND MEDIUM ENTERPRISES

The Company has not received any intimation from any of its suppliers regarding their Status as Micro, Small and Medium Enterprise under "The Micro, Small and Medium Enterprises Development Act, 2006". Hence Disclosures, if any, relating to amounts unpaid as at the end of the year along with interest paid/payable as required under the said act is not applicable in the case of the Company.
